

HEALTHY MASCULINITIES FORUM

Wednesday 26 JUNE
1pm to 5pm
Princess Park
Quinan Parade
SHEPPARTON

As a follow up to the 2018 Forum which hosted over 100 people, we will be continuing the conversation in rural Victoria to promote healthier, more diverse notions of masculinity. The 2019 forum will incorporate practical tools and explore what it means to be a man in modern Australia.

Don't miss the opportunity to hear from key note speakers and explore the actions we can take in rural communities to enable men and boys to move away from harmful stereotypes.
